

## CSBG

The federal Community Services Block Grant (CSBG) provides funding to California local communities to assist low-income people in attaining the skills, knowledge, and motivation necessary to achieve self-sufficiency.

2003 CA CSBG Grant	\$57,310,947
Low-Income Individuals in CA*	4,706,130
CA Individuals Served in 2003	1,686,801
Percentage of CA Low-Income Served	35.8%

### CSBG National Goals & CA Achievements

Goal #1: Low-income people become more self-sufficient

- 3,243 people received educational services and achieved literacy and/or a GED.
- 33,318 households received income management services and experienced an increase in annual income as a result of earnings.

Goal #2: Conditions in which low-income people live are improved

- Increased the proportion of state and federal funds allocated for meeting emergency and long-term needs of low-income people by over \$1.2 million.
- Increased access to community services and resources in their communities by over \$1.2 million (jobs, homes, transportation, medical & child care).

---

## (CSBG National Goals & CA Achievements Continued)

### Goal #3: Low-income people own a stake in their community

- \$18,527,073 of “community investment” was brought into communities and targeted to low-income people.
- 3,417 people increased their level of participation in community advocacy and intervention activities targeting low-income communities.

### Goal #4: Partnerships among supporters and providers of services to low-income people are achieved

- 2,091 local partnerships were established or maintained with other public and private entities to mobilize and leverage resources to support continuum of care services.
- 787 local partnerships were established or maintained with other public and private entities to ensure that ethnic, cultural, and other special needs considerations are appropriately included in delivery of services.

### Goal #5: Agencies increase their capacity to achieve results

- Service Providers mobilized \$192,237,915 in addition to their CSBG grant award.
- 582,783 people showed improvement as a result of receiving emergency intervention services.

### Goal #6: Low-income people, especially vulnerable populations, achieve their potential by strengthening family and other supportive systems

- 884,146 households who received emergency safety-net services improved their immediate condition.
  - 1,016,810 households moved from in-crisis to stable condition after receiving emergency safety-net services.
-
